Parking Machine Changes for the Avila Beach Lot – The Harbor District is encouraging you to remember or note your license plate number prior to making a parking pass purchase at the Avila Beach lot. Coming in the next few weeks, parking patrons will need to enter their license plate number when paying for a parking pass. The License Plate number will be printed on the parking pass that is displayed in each parking patrons' windshield. This change is being made to encourage individuals to no longer "transfer" their parking passes. Parking passes have always been "non-transferable", as stated on the pass, but the practice of transferring has been noted numerous times. The District is aware this change may initially increase lines at the parking pass machines and we appreciate your patience as we implement this new procedure.
