Description of operations for Ice Facility

Hours 8am -4pm daily for the fishing season. By appointment in the off season.

Port San Luis Boatyard currently has staff at our Sportlaunch facility every day, they will be available to collect money for ice house operations, assist in loading of ice and complete transfer of ice to a tote. Our sportlaunch staff will travel from sportlaunch location to ice house facility via golfcart or small truck to assist customers.

Cost of Ice

Half Tote - \$20

Full Tote- \$40.00

Tall Tote- \$50.00

Listing of Similar or related work

Our staff currently sells ice and has actually had previous experience working in the ice house at Port San Luis. Port San Luis Boatyard also currently has commercial fisherman on our payroll that have had to load ice from this exact facility.

Ability and Availability to Provide Service

Port San Luis Boatyard has an obligation to be open daily, so we are already on the premises and available to provide service in a timely fashion.

Expectations of and Benefits to the District

Port San Luis Boatyard expects PSL Harbor District to maintain and repair equipment as needed. We will pay the utilities for the Ice Facility as long as the revenue exceeds the cost of electricity and water. PSL Boatyard will consider offering the PSL Harbor District 50% revenue after \$1,000 monthly profit to go towards a maintenance and repair account for Ice facility. Available to negotiate specifics.

PSL Boatyard does not expect the Harbor District to operate the ice facility, unless in an emergency.
