

In the plan for the Pod 1 area a relocated and expanded sportfishing office is grouped with a new charter ticket office, permanent restrooms, a dedicated waiting area, and ADA-compliant access to deck level and water level landings. The Harbor Patrol office is moved from the canopy to a second floor location above the sportfishing office. The “messy” functions of fish cleaning and sportfishing loading are held to the north end and two small retail spaces are added, for uses like coffee or ice cream sales.

HARFORD PIER POD 1 AREA - PRELIMINARY SITE PLAN

AUGUST 2021
